Produktbeschreibung

12mm Aluminum Clamping Wheel Hex, SC10 Front. Team Associated's Factory Team aluminum 12mm Clamping Wheel Hexes clamp securely onto the axle, preventing the hex from getting stuck in your wheels, which allows for speedy wheel changes. The hex adaptors are CNC machined out of 6061-T6 aluminum and anodized Factory Team blue. The 12mm hexes use a 2-56 Socket Head Cap screw (included), which allows for the use of either a 5/64" or 2mm Allen wrench. The hexes make a great upgrade for your SC10.
